The consciousness-altering properties of cannabis are generally understood by policy makers as a critical impediment to the drug's designation as a medicine. For many, the claim that cannabis is of any therapeutic value is a "ruse" employed not for the benefit of the dying, but rather for those dying to get high.¹

Dying to Get High: Marijuana as Medicine on JSTOR

Dying to Get High combines abstract argument and the messier terrain of how people actually live,

suffer and die, and offers a moving account of what is at stake in ongoing debates over the legalization of medical marijuana.

If you're OCD like we are, crave a bit more control over your marijuana experience, and want to get off the psychedelic express at the high station, we recommend partaking of a sativa (like Sour Diesel) or a sativa-dominant hybrid strain (like Chem Dog). Sativas tend to make people high without pushing them into stoned territory.

The 7 Stages of Being High - Honest Marijuana

Get high. Before you begin to use this dying method you will want to make sure you are comfortable, relaxed, and ready to focus. This technique will allow you to increase the oxygen in your body and can produce unusual sensations. Get ready and make sure you won't be distracted before using this technique.

3 Ways to Get High Without Drugs - wikiHow

-Mitch Earleywine, Ph.D. ,Author of Understanding Marijuana, " Dying to Get High: Marijuana as Medicine is an important and accessible book not heavy on academic jargon, but rather lively and engaging, like a true detective novel with a broad appeal to those interested in the medical potential of cannabis, an end to the drug war and grass roots activism."
